

Important Update: Changes to Pet Food Inventory and Ordering Process

Dear Valued Clients,

We hope this email finds you and your pet in good health! We wanted to inform you of some changes taking place at Mayde Creek Animal Health Center regarding our pet food inventory and ordering process.

Effective immediately, our hospital will no longer carry large bags of Purina or Hills pet diets. We understand that this may be an inconvenience for some of our clients, but we assure you that we are making this change to streamline our inventory and provide a better service experience overall.

However, if you prefer to continue receiving large bags of Purina or Hills pet diets through us, we kindly request that you give us a call before you run out, providing us with at least a week's notice. This will allow us to accommodate your needs effectively and ensure that your beloved pets don't go without their preferred food.

Alternatively, if you are interested in exploring other convenient options, we encourage you to check out our hospital's trusted online pharmacy. You can browse and order your pet's food from the comfort of your own home and have it delivered directly to your doorstep. Simply visit our online pharmacy at: <https://mcahc.vetsfirstchoice.com/>.

We appreciate your understanding and cooperation as we make these adjustments to better serve you and your pets. Should you have any questions or concerns regarding this change or any other matter, please don't hesitate to reach out to us.

Thank you for entrusting us with the care of your furry family members.

Warm regards,

Mayde Creek Animal Health Center
